### The Chairman's Corner

December is here and the weather is a changing and winter is coming. Harvest will be over soon and the fields put to rest. We will need to prepare ourselves for the coming cold weather and possibly the white stuff that falls from the sky! Not ready to say it yet! We have several projects that will come to an end this month: replacing an old water main, completing the water mains to the new development, completing the patching and sealing of several streets and putting up the Christmas decorations to name a few. The Christmas season is here as we all remember and celebrate the reason for the season! Always give thanks for our families, friends and our community and look to the future with confidence. Give thanks for a very successful year.

God Bless,

John Keizer, Board Chairman
