The Chairman's Corner

January 2024 is here and we are making New Years Resolutions. Most of which will be forgotten or put on the shelf after a month or so! Some we will follow and I pray those make our lives better. The Village hopefully by this time has a new Broadway Street bridge which will be operational shortly. The celebration of New Years with a pitch tournament and a night out with friends starts us off in a positive and friendly manner. Let's take this into the new year as we plan our lives and experiences for 2024. We have a lot to be thankful for in our community as we look and work to make the future better. So, my friends keep smiling as we move into 2024 together!
