### The Chairman's Corner,

June brings sun, rain and storms! But it's nice not experiencing snow, ice and cold! It's also great to see the flowers and trees come to life and the grass growing! Although this means we need to mow and take care of our yards! Let's keep our yards looking great as people come to visit our community! Several people have commented to me that Sterling is a beautiful village and they can see people take pride in their community! We should be proud of our community: we have a state Gold Medal girl's track team, a state runner up boy's football team, a new community center, new houses being built, and a growing population! We've also had some very sad things happen in the last couple of months and the community supported those families and kept them in prayer! Another thing you will notice is the Locust street bridge is being replaced and the Broadway street bridge will be next! And we're celebrating once again as a community with our Sterling Picnic! Be proud my friends as we move together into the future!

God Bless, John Keizer, Board Chairman
