### The Chairman's Corner,

The Ides of March which refers to the first new moon of a given month are upon us! In earlier days they were the beginning of a new year and a time of celebration of a new season! In later times they had become a sign of bad omens because of terrible happenings during the Ides of March! I prefer to look at them as a sign of new beginnings: The Ides of March include Ash Wednesday, St. Patrick's Day, and the first day of spring. All times of new beginnings! We have enjoyed a fairly easy winter although with little moisture! However, let us be thankful and as we enter the Ides of March let us keep working for the future of our community and doing the best we can for each other as we move through 2022! Keep smiling and do something nice for your neighbor!  
God Bless,

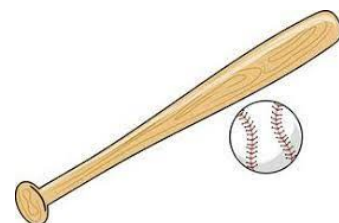

John Keizer, Chairman
