The Chairman's Corner

September means everyone is back in school, whether high school or college. So, there will be more activity around the school, like the band, therefore drive carefully by the school. Also, Labor Day which celebrates all of us who labor every day to help make our communities and nation a better place to live' Have fun, but stay safe! Also, the Broadway Bridge should be completed shortly. At least that's what the contractor told us. September is also a good time to start checking your winter systems like furnaces etc. to make sure they are ready for winter. The Village will be working on installing water meters over the next several months. This will help us in applying for grants etc. to upgrade the system. Thanks for your support of our community. Stay safe and keep smiling!

God Bless,

John Keizer, Board Chairman

STERLING PUBLIC LIBRARY UPDATE

Greetings from your public library. Summer is winding down and the library is gearing up for our fall activities. Homework help is already in full swing. Of course there are snacks-can't do homework without snacks. We also have a new puzzle going, and we are expanding our 3-D printer times. The new schedule will be posted on our Facebook page. Also, watch that page for TAB (Teen Advisory Board) activities. And last but not least, your librarian eloped. Becky Barney is now getting used to being Becky Kennedy.

The Village View can advertise local non-profit upcoming events. If a local organization has an event that they would like included in the Village View, please email: Samantha Gordon @ village.sterling@gmail.com.
