

VILLAGE VIEW

June Yard of the Month Winner: Roger and Ginny Boden

Chairman's Corner

Summer is here! June 21 was the first day of summer, and it looks like we're going to get some good weather for a change. Unfortunately, that also includes high humidity! So, my friends, keep yourselves hydrated and covered. The street repair contractor is scheduled to be in our village in the next few weeks to begin work. So prepare yourselves for the detours and slow-downs for summer construction season. Sometime between June 26 and July 6, you will see the new community center building going up! Have a great summer. Take time to be with family and friends enjoying the outdoors but stay safe. Take care!

John Keizer, Chairman
